

eXPress Yourself with eXPress Collage ~ May 2008
- Tips, Templates and Updates from <http://www.expresspartners.com>

COLLAGE TEMPLATE OF THE MONTH - MAY

Spring has sprung, and it feels like summer already! It's time for barbecues, beaches and baseball! Check out our featured template of the month — *Baseball* — in album, e-book and calendar versions, or choose from dozens of eXPress Collage templates at <http://www.eXPressPartners.com/templates/tmpindex.htm>.

DID YOU HEAR THE BIG NEWS????

eXPress Collage is now freeware! Choose from Collage Album, Calendar or eBook, or download all three as part of the Collage Suite. Each version includes pre-designed templates that you can customize using the full functionality of Collage. We've also included Collage Catalog, which gives you the ability to catalog your images by keyword.

To download your copy of Collage, visit www.expresspartners.com/downloadfinal.htm. Of course, you can always email us with questions at support@expresspartners.com.

COLLAGE TIPS & TRICKS

- * Did you know you can add multiple text boxes per page? Simply copy and paste up to 10 text boxes on a single canvas. Or, use the Text toolbar icon or Menu option to add text boxes.
- * To use an MP3 or WAV audio file as background music for your Collage project, choose **Project > Audio Manager** from the menu. Select the **Import** button to browse to the audio file. The background music will play automatically when the Collage is previewed, or when it's published as a Collage To Go or Screensaver file.

* Collage's Slideshow functionality is now available as a separate program. To see a slideshow of images, open the program and then select (Open) a directory of images. Collage Slideshow can be downloaded from www.expresspartners.com/downloadfinal.htm.
