Collage Suite 5.0

Free Download!

Create custom digital photo albums, calendars and eBooks, with or without frames, captions and music. Comes with a variety of pre-defined templates. Or, create your own custom album style!

- Import multiple images at once or drag and drop.
- Display multiple images per page.
- Specify background type & color.
- Change image frames and captions.
- Optional file security to protect your creation.
- Save as a single file or a screensaver.
- Export to HTML (web pages) or screenshots.
- Includes eXPRESS Catalog for organizing your images by keyword outside Collage.
